Don't be. Plucking the "ripe" feathers is like cutting your nails.

## PURE DOWN OR LAYERED PILLOWS

Choosing the correct pillow is a personal choice. We have a wide range of pillows from really soft (Soft, Down) to the very firm (Firm, Layered).

The Soft Goose Down Pillow is at the one end of the spectrum and is a dreamily soft pillow; ideal for those who tend to wrestle with their pillow at night. In general Goose Down pillows are soft and yielding – those are their main features.

Our Layered Pillows have a core or “spine” of feathers, around which we wrap a thick layer of down – rather like a sandwich. The feathers provide the support and are what give the pillow spring.

The Down offer the fantastic soft feeling, that only Down can give.

# EMBER LINEN

luxury linen range • egyptian cotton

## A bit more on Thread Count and luxury linen:

The best quality linen is made from cotton with a long fibre (long-staple) and in a one-on-one configuration.

This means the fabric is woven with a strong fibre, being longer and more importantly the Thread Count (TC) is obtained by having one vertical and one horizontal cotton strand as opposed to a

cheaper format of 2 vertical vs 1 horizontal of a much thinner and shorter fibre. Chat to us for more detail but in short, Ember Linen is fantastic quality at affordable prices.

## Our Luxury linen is:

Handmade with care in South Africa from the finest imported Egyptian Cotton. Ensuring great sleep is our main focus, and our new linen range fully support this goal.

## We have available

- 200 TC: Pure White
- 400 TC: Pure White Feather embossed
- Dove-egg Grey Feather embossed
